**Early access to mental health supports
long-term outcomes.
Local investment strengthens
local resilience.**

How your sponsorship helps:

We are establishing a new holistic mental health service for our local community. Your support at this early stage helps us grow, reach more people, and build a service that is responsive to local needs.

Your sponsorship will:

- Reduce cost therapy access where appropriate
- Provide resources for children and families
- Grow Aldinga's first dedicated therapy and local mental health service
